About Me

Motivated fresher with expertise in .NET technologies, including web development, object-oriented programming, and database management. Skilled in coding, debugging, and problem-solving. A quick learner with strong communication skills, eager to apply knowledge in a dynamic environment and contribute to delivering innovative, high-quality software solutions.

Education

Bachelor of Technology In Mechanical
Nalla Malla Reddy Engineering College
JNTUH University
2022

Intermediate (MPC)
Nalla Malla Reddy Engineering College
Board Of Intermediate Education
2016

Matriculation(SSC)
Narayana Junior College
Board Of Secondary Education
2014

Strengths

- Strong analytical and problem-solving skills.
- Effective communication and teamwork abilities.
- Eager to learn new technologies and adapt quickly.

Language Known

- English
- Hindi
- Telugu

Academic Project

Title: Design and Development of U-Channel Bending Die

Designed initial concepts based on project requirements, including material selection, dimensional accuracy, and load speculations. Applied problem-solving skills to ensure project success. Mainly ocuses on the design and development of a bending die specifically designed to form U-shaped channels from sheet metal. The die will be integrated into a press brake to efficiently and accurately produce U-channels of various dimensions and materials

Duration : Completed in 60 days

Internship

Title: : Kothagudem Thermal Power Plant (KTPS), Palvancha

Understanding the fundamental principles of power generation. Its an observational internship and we gone through how turbines are working and how electricity is generated using thermal power.Learning about the various components of a power plant, such as boilers, turbines, condensers, and pumps.

Duration : Completed a 15-day internship focusing on understanding large-scale power generation systems.

Certifications

DotNet Full Stack Developer

Naresh I Technologies   2023 - 2024

Dot Net Full Stack Development is a comprehensive approach to web development using Microsoft's .NET framework. It involves both front-end and back-end development, covering technologies like HTML, CSS, JavaScript, C#, ASP.NET, SQL Server, and more. Full-stack developers build complete web applications, from the user interface to the database layer.

Master Certificate Course In CAD/CAM

CITD, Balanagar, Hyderabad   2021 - 2022

The Master Certificate course in CAD/CAM from CITD Hyderabad is a specialized program focusing on Computer-Aided Design and Computer-Aided Manufacturing. It equips learners with skills in software like AutoCAD, SolidWorks, CATIA, CREO and CNC programming

Other Skills

- **Management Skills**
- **Creativity**
- **Teamwork**
- **Strategic Thinking**
- **Critical Thinking**
- **Leadership**
- **Problem Solving**
- **Communication**

Hobbies

- **Music**
- **Playing**
- **Reading**
- **Cooking**
