Carrer Summary

Seeking a rewarding career as a software engineer in a reputed company where I can apply my knowledge and skills to fulfil organization goals.

Education

Siksha 'O' Anusandhan Deemed to be University

B.Tech in Software Engineering — CGPA: 7.4 (till 6th SEM)

Nov. 2022 - Continuing

Bhubaneswar, Odisha

Government Polytechnic, Bhubaneswar

SCTEVT-2022 (CLASS X) Percentage: CGPA: 7.9

Mar. 2019 - Apr. 2022

Bhubaneswar, Odisha

Kendriya Vidyalaya No.5, Bhubaneswar

CBSE-2019 (CLASS X) Percentage: 62 %

Jun. 2018 - Feb. 2019

Bhubaneswar, Odisha

Projects

Advanced Spam Filtering System (Python)

August 2024

- * Developed an automated system to identify and filter out unwanted or malicious emails from legitimate ones.
- * Utilized advanced machine learning algorithms to analyze email content and metadata with high accuracy.
- * Achieved high accuracy in distinguishing between legitimate messages and spam emails.

Patient Monitoring System (IoT)

Mar 2021

- * Developed a sophisticated patient monitoring system to continuously track and record vital signs in real-time.
- * Designed a GSM-based working model enabling remote access to patient health status for doctors and caregivers.
- * Monitored key vital signs, including heartbeats, body temperature.

Cattle Health Detection (Machine Learning)

May 2025

- * Developed a machine learning model to detect early signs of illness in cattle by analyzing physical data.
- * Utilized Python, Scikit-learn, and Pandas for data processing, feature extraction, and classification of health conditions.
- * Enabled proactive veterinary intervention, improving livestock health management and reducing mortality rates in dairy farms.

Technical Skills

Languages: HTML, CSS, Python, Javascript,

Databases: My SQL, MongoDB

Libraries: React JS, Tailwind, Bootstrap

Internships

- * I completed 3 months of internship at Livoso Technologies As a Software Developer with practical exposure to web development and collaborative team projects.

Certifications

- * Certified in PYTHON by CISCO
- * Certified by AWS Academy Cloud Foundations
- * Certified as a participant for managing an event by CHARAM

Seminars

- * Attended event of SYMPOSIUM
- * Attended session by DBS TECH
- * Attended workshop of GRANT THORNTON

Extracurriculars

- * A former state level athlete (kabaddi) awarded with a gold medal for the best defender.
- * Event Host: Served as a charismatic anchor for various college festivals, showcasing exceptional communication and presentation skills.
