## OBJECTIVE

---

Recent B.Tech graduate in Electronics and Communication Engineering with a passion for software development. Seeking an entry-level IT position to leverage skills in IT industry, contributing to the organization's success while growing professionally.

## EDUCATION

---

|                                                                   |                   |
|-------------------------------------------------------------------|-------------------|
| <b>Bachelor of Technology</b> , NIST University , Berhampur       | Aug-2019 May-2023 |
| <b>Intermediate</b> , Sankalp Senior Secondary School , Berhampur | 2017 - 2019       |
| <b>Matriculation</b> , DAV Public School, Berhampur               | 2017              |

## SKILLS

---

**Programming Languages:** Core Java , JDBC , Servlet  
**Manual Testing :** SDLC, STLC, Bug lifecycle, test methodologies.  
**Web Technologies :** HTML,CSS  
**Databases :** SQL  
**Frameworks :** Spring basics , Spring boot Data JPA , AWS Basics

## PROJECTS

---

### Employment Management System (Java).

Designed and implemented a console-based application for managing employee records with CRUD functionality.

- Utilized core Java concepts such as OOP's, collections(Array List), and encapsulation for data storage.
- Improved user interaction through intuitive console-based input using Interface and validation.

### Entry-Level Product Management Web App with Spring Boot("Basic Crud operations by using Spring boot")

- Developed a Spring Boot application to manage product records, including CRUD operations (Create, Read, Update, Delete). details, and delete products as needed.
- Integrated a relational database using Spring Data JPA for seamless data management.
- Designed user-friendly web interfaces using Thymeleaf templates for CRUD functionalities.
- Implemented controller methods to handle HTTP requests and validated user input and interact with the Product Service.
- Encapsulated business logic in the Product Service class, ensuring modularity and maintainability.

## EXTRA-CURRICULAR ACTIVITIES

---

- Engaged in basic coding activities to build strong foundation in programming and logical thinking .
- Learning new tech stacks.
- Dancing in my leisure time.

## CERTIFICATES

---

- Iot Certificate – IIT Kharagpur
- Core Java, Advanced Java, SQL, HTML, CSS Certificates – Naresh IT
- Arduino Certificate from Internshala
