BRIEF SUMMARY

I am a recent B.Tech graduate in Computer Science and Engineering from Anurag University(2025). I have developed strong proficiency in programming languages including Java, Python, and C, complemented by hands-on experience in web development using HTML and MySQL. My academic journey involved the successful completion of various projects, notably an Online Proctoring System for candidate shortlisting, which significantly enhanced my technical competencies and problem-solving skills. In addition to my academic pursuits, I served as a student coordinator for the National Service Scheme (NSS), where I effectively organized events and actively engaged in technical training programs, internships, and a range of extracurricular activities.
