Professional Summary:

Organization: Rumango Software and Consulting Services Pvt Ltd, Bangalore, KA

Senior Technical Consultant (May 2024 – Present)
- Currently serving as **Senior Technical Consultant** with techno-functional role for providing managed service for banks using **Flexcube 14.X** products.
- Supporting to African Banks which is using **Flexcube 14.7** for production issues, customization, transaction management and day to day **UAT** issues for modules like **CASA**, **Loan**, **TD**, **RD** and **Payments**.
- Implemented customization on screens as per the bank's requirements for various **Flexcube** modules using **RAD Tool** along with the **SOAP** web services to bridge the gap between **Flexcube** and 3rd party app like "**iCust**".
- Working with **PL/SQL procedures**, **packages, functions, triggers** and **tables** and **Java EE** to provide Root Cause Analysis (RCA) of the issue and implement resolution along with **EOD life cycle** support.
- Implemented **Flexcube 14.7.0.6.0** as patchset upgradation in **Oracle Cloud Infrastructure** for a South Sudanese Bank.
- Have provided production support as **L2** and **L3** layer for real time issues and provided resolution in stipulated time frame.

Organization: Oracle Financial Services Software, Pune, MH

Staff Consultant (July 2021 – May 2024)
Associate Consultant (Sept 2018 – July 2021)
- Served as **Staff Consultant** with profile of **Full Stack Development** with Oracle's core banking product, **Flexcube** and dedicated payments pipeline **OBPM**.
- Implemented various phases of software development, involving requirement analysis, design and development, implementation, configuration and customization involved in **Payments** modules like **NEFT**, **RTGS**, **IMPS** and Flexcube operations related to modules like CASA, TD and Loan using **PL/SQL, Java**, **Spring** and **RAD Tool**.
- Worked upon database objects **(tables, procedure, packages, triggers, and functions)** for processing complex data.
- Provided services on Core Banking Solution using Knockout js, Java Messaging Service **(JMS)**, **Spring framework** for **payments**. Provided **UAT** and **SIT** support, development, implementation, customization, debugging as well as for migration, deployment and issue resolution.
- Implemented frontend/backend validations which adhere to RBI guidelines along with the customization needs of the client on "**Payments**" module for **Oracle Banking Payments (OBPM) 14.5** as well as for **Flexcube v11.x**.
- Develop and tested **SOAP** using **Postman** and **SoapUI** and **REST web services** using **Swagger UI** for Incoming/Outgoing payments services and module-wise operations.
- Provided **Go-Live** support for Canara Bank (September 2020) and Equitas Small Finance Bank (April 2023) for customization, migration, implementation, deployment, debugging and onsite issue resolution.
- Have provided production support as **L1** layer during Go-Live of a **Flexcube 11.10** project integrated with **OBPM** and provided swift resolution for issues.

Soft Skills

- Strong communication with internal/external clients to determine specific requirements and expectations and managing client expectations as an indicator of quality.
- Adaptable to thrive in ambiguous environments and confident in decision-making and ability to think creatively and develop new and innovative solutions.
- Following the SDLC Models like Agile and Waterfall, defined under the process framework, ensured that customer deadlines and customer satisfaction were met.
