

ACADEMIC QUALIFICATIONS

Qualifications	Year	College/School/Institute	University	Percentage
MMS - Systems	2024	Sydenham Institute of Management Studies, Mumbai	Mumbai University	81.50%
B.E. - Computer	2019	Smt. Kashibai Navale College of Engineering, Pune	Pune University	74.36%
12 th Std.	2015	H.P.T Arts and R.Y.K Science College, Nashik	H.S.C Board	82.00%
10 th Std.	2013	Fravashi Academy, Nashik	I.C.S.E Board	80.33%

PROFESSIONAL EXPERIENCE

OMP **Consultant** **JUN,24 - Present**

- Explaining and Implementing the OMP tool according to the needs of the client. Presenting the tool and customization to the client according to the client needs
- Support the Lead Consultant in creating Epic/User Stories based on the client requirements
- Support the Lead Consultant in creating the roadmap for the requirements and deciding user stories for upcoming Sprints

Persistent Systems **Software Engineer** **SEP'19 – NOV'21**

- Data Pipeline (Python) – Developed a **Python**-based data pipeline, consisting of various stages of data processing. **Optimized** script performance within the pipeline, devised multiple validation scripts for database and file system data, and provided client guidance on the integration of newly developed data processing scripts. Performed the **ETL** cycle to pick data from the server process the data and load data on the server.
- Website (Java-Angular) – Created Java-based APIs & employed Mockito for unit testing. Executed manual deployment of the Java application onto the server, conducted comprehensive system testing, & efficiently identified, documented, & resolved issues
- Lead a team in the development of applications by **capturing client requirements**, conducting **in-depth analysis**, **implementing requisite modifications**, and successfully **delivering the final solution** to the client within the specified timeframe
- Documented project flow, details of all the scripts involved, flow of data processing, details of the testing flow and website details
- **Data Analysis POC** – Conducted a Proof of Concept (POC) to analyze the Air Quality Index (AQI) and the impact of vehicles on AQI using data sourced from the **Pune Municipal Corporation**. Subsequently, presented the findings to Pune Municipal Corporation, highlighting the significant influence of two-wheelers on AQI levels

HDFC Bank (Internship) **Functional Analyst** **APR'23 – JUN'23**

- Worked on the project FCU Governance to govern multiple projects across the vertical which involved making crucial decisions about projects, ensuring that the projects are completed according to standards, and tracking progress and accountability
- Developed a newsletter encompassing comprehensive data analysis & project highlights across the vertical. The analysis encompassed project completion timelines and vulnerabilities, & ticket resolutions completed within the designated timeframes
- Collaborated with multiple teams within the vertical, scheduled meetings between them and resolved ticket ownership queries
- Analyzed and presented report on the ownership of applications if the access of live applications is with the central team or not

ACADEMIC PROJECTS & ACHIEVEMENTS

Certifications	▪ Lean Sig Sigma Green Belt Certification by KPMG
Co-curricular	▪ B.E. Project- A Machine Learning model for Toxic Comment Classification – Created a classification model which categorized text or sentence into different categories according to toxicity level

EXTRA-CURRICULAR ACHIEVEMENTS

- Member of **Alumni Committee** out of **200** students at SIMSREE – Managing **4500+** Alumni Relations and seamless functioning of internal and external communication, hosting and organizing alumni meets, batch meets and panel discussions
- Elected as **House Captain** at SIMSREE House cup and **managed 50+ students** through various sports
- Participated in Beach Cleanup Drive at Girgaon Chowpatty conducted by Change is Us
