👤 PROFILE

With over 2 years of experience as a Business Analyst and Sales Analyst, I specialize in transforming raw data into actionable insights. I am passionate about using data to drive business growth, optimize processes, and improve forecasting accuracy. My expertise spans a variety of tools including Excel, Power BI, SQL, and Salesforce, allowing me to collaborate effectively with cross-functional teams and deliver reporting solutions that support data-driven decision-making.

💼 EMPLOYMENT HISTORY

Sales Analyst at Jindal stainless steelway, Gurugram
March 2024 — Present

- Utilize **Power BI** for data visualization, providing actionable insights to stakeholders, and optimizing sales strategies.
- Perform advanced data analysis using **Python** to uncover trends, improve forecasting accuracy, and drive informed business planning.
- Manage sales operations and customer data efficiently using **SAP** and CRM, ensuring smooth workflow and maximizing capabilities.
- Automate data reporting and processes, improving efficiency and reducing manual effort.

Business Analyst at Marvis IT services, Bengaluru
January 2022 — February 2024

- Engaged with clients to gather, document, and analyze requirements, ensuring alignment with business objectives.
- Used EXCEL to manage and manipulate data, providing valuable insights to support data-driven decision-making and process optimization.
- Developed and maintained data reports, dashboards, and KPIs to track business performance and improve operational efficiencies.
- Collaborated closely with cross-functional teams to ensure successful project outcomes and timely delivery of business intelligence solutions.
