

## **RAHUL DEV J A**

Nagercoil, Tamil Nadu

Phone: +91-9751554456 | Email: [rahuldev04072002@gmail.com](mailto:rahuldev04072002@gmail.com)

LinkedIn: [linkedin.com/in/rahul-dev-53a090255](https://www.linkedin.com/in/rahul-dev-53a090255)

### **Career Objective**

Certified AWS DevOps professional and MBA graduate with hands-on internship experience in automation, CI/CD pipelines, HR systems and data reporting. Skilled in infrastructure management, deployment workflows, Power BI, SQL and cross-functional collaboration. Seeking to contribute as a DevOps/Automation Engineer in a dynamic organization focused on scalability, reliability and innovation.

### **Technical Skills**

- Cloud & Infrastructure: AWS (EC2, S3, IAM, CloudWatch), basic Azure.
- CI/CD Tools: Jenkins, AWS CodePipeline, Git.
- Containers & Infrastructure-as-Code: Docker, Kubernetes (basic), AWS CloudFormation (intro).
- Automation: UiPath (RPA), Bash scripting (basic).
- Programming & Analytics: Python, SQL.
- Reporting & Visualization: Power BI.
- Monitoring & Performance: AWS CloudWatch, logs, metrics.

### **Internship Experience**

**TechnoLabz, Madurai** – RPA Developer & HR Recruiter Intern

March 2025 – June 2025

- Implemented UiPath workflows to automate repetitive HR and recruitment tasks, reducing manual effort by approx. 20%
- Supported infrastructure & DevOps-related activities in a startup environment including basic deployments and automation logs
- Created Excel-based trackers and reports used by HR and operations teams to monitor recruitment metrics and improve process efficiency

- Collaborated with cross-functional teams (HR, Tech, Operations) to align recruitment and automation processes

## **Key Projects**

### **CI/CD Pipeline Project (AWS + Jenkins)**

- Built an automated CI/CD pipeline for web application deployment using Jenkins, GitHub, AWS CodePipeline and EC2
- Streamlined build → test → deploy workflow, reducing deployment time by approximately 60% and minimizing manual intervention

### **HR Metrics Dashboard in Power BI**

- Developed a dashboard visualizing time-to-hire, offer acceptance rate and candidate pipeline drop-offs
- Used Power Query and DAX to clean, model and analyze recruitment data delivered insights to senior HR stakeholders

## **Certifications**

- AWS DevOps – Greens Technology (2024)
- UiPath Essentials – RPA Basics

## **Education**

**MBA in Human Resources & Business Analytics** – Sun College of Engineering and Technology, Nagercoil (2023–2025)

**Bachelor of Engineering in Computer Science** – Velammal Institute of Technology, Chennai (2019–2023)

## **Languages**

English – Fluent

Tamil – Fluent
