SHARUK SHAIK

Ulavapadu, Andhra pradesh

EDUCATION

Kalasalingam Academy of Research and Education

BTech(AI/ML) - CGPA - 8.0

 $10\ 2021-05\ 2025$

Krishnankoil, Tamilnadu

Narayana group of educational institutions

Intermediate - Percentage - 80%

06 2019 - 03 2021 vijayawada, Andhrapradesh

AP Model School

Metriculation - GPA - 9.5

 $06\ 2018-04\ 2019$

 $Veerepalli,\ Andhrap radesh$

COURSEWORK / SKILLS

• Data Structures & Algorithms

• Machine Learning & Deep Learning

• Database Systems & Data Persistence

Principles & Version

• Web Development

• Computer Vision

• Software Engineering

Control

TECHNICAL SKILLS

• Languages & Web: Python, JavaScript (ES6+), HTML5, CSS3

• Frameworks/Libraries: React.js, Flask, TensorFlow.js, OpenCV, Langchain, FastAPI, LLM

• Tools: Git & GitHub, npm, VS Code, Chrome DevTools

• Databases: SQL basics, Local Storage, Pinecone, ChromaDB

• Practices: RESTful APIs, basic Agile workflow

PROJECTS

Users Cart-Based Nutritious Recipe Recommendation System

- Technologies: React.js, JavaScript (ES6+), HTML5, CSS3, TensorFlow.js
- Analyzes shopping cart items in real time to suggest personalized, healthy recipes.
- Frontend built with React.js & JavaScript (ES6+), HTML5, CSS3; uses React Hooks and Context API for responsive UI and global state management.
- ML integration using **TensorFlow.js** neural network to recognize ingredient patterns and predict optimal recipes.
- Performance optimizations: lazy loading, memoization, and efficient data structures ensure sub-second recommendation updates.

Attendance System Using Face Recognition

- Technologies: Python, OpenCV, TensorFlow/Keras, Flask
- Real-time attendance system detecting and recognizing faces via deep learning and computer vision.
- Vision pipeline in **Python** with **OpenCV**: captures video frames and applies CNN-based face detection.
- Face recognition leveraging **TensorFlow/Keras** embeddings for accurate identification under varied lighting and angles.
- Admin interface built with **Flask** for enrollment, live monitoring, and report export.

Hobbies

- Playing Badminton
- Solving Puzzles

CERTIFICATIONS

- Azure SQL Fundamentals (Microsoft)
- Communication Skills (TCS ION)
