CAREER OBJECTIVE

Driven .Net Full Stack Developer specializing in building scalable, user-focused applications with expertise in C#,Entity Framework, React, Angular and MSSQL. Skilled in designing robust back-end architectures and seamless front-end experiences. Proven track record of delivering high-quality, maintainable solutions in dynamic, collaborative environments. Committed to innovation, continuous learning, and driving impactful results through technology.

EXPERIENCE

.NET Full Stack Developer -Intern AUG 2023 - NOV 2023 ParamInfo IT Consultancy,Hyderabad, Telangana. Gained hands-on experience in full-stack applications by creating responsive user interfaces with Angular and CSS, building RESTful APIs with Entity Framework,and managing databases with MSSQL, focusing on schema design and efficient CRUD operations.

.NET Full Stack Developer, Tumma Technologies JAN 2024 - Present

Roles and Responsibilities:

Designed and implemented RESTful APIs using Entity Framework to manage user data and ensure seamless front-end and back-end integration.

Optimized database operations by creating and maintaining schemas in MSSQL, focusing on efficient CRUD operations and data management.

Integrated Google Maps API for real-time location tracking, enhancing delivery efficiency and user satisfaction.

Built responsive user interfaces with Angular, delivering seamless user interactions and dynamic content rendering.

Integrated Razorpay payment gateway to enable secure and seamless payment transactions, ensuring smooth and reliable payment processing for users

Secured APIs with JWT Authentication, ensuring robust session management and data protection.

Implemented notification systems for SMS and email to provide real-time updates on order status and account activities.

Leveraged AWS services to enhance application scalability and performance:

EC2: Deployed and managed servers.

RDS: Managed MSSQL databases.

S3: Handled storage of assets and backups.

CloudWatch: Monitored performance and generated logs.

AWS Secrets Manager: Secured sensitive data and credentials.

PROJECTS

PI Application in ParamInfo Duration: 3 months

Developed an application to consolidate the internal applications of ParamInfo. This tool serves as a comprehensive resource for new employees, providing access to all relevant documents and information about each application, thereby streamlining the onboarding process and reducing the need for repeated knowledge transfer sessions.

EDUCATION

Bachelor of Technology: ECE 2019-2023 MLR Institute of Technology GPA: 8.04 / 10

Intermediate(TSBIE) - Narayana Junior College (MPC) 2017-2019 Percentage: 96.1% / 100

SSC(TSBSE) - Kanthi High School 2017 GPA: 9.0 / 10

SKILLS

Programming Languages: C#, Javascript ,SQL , C, JAVA, Python.

Front-End Technology: Angular, HTML, CSS, JavaScript, React, Bootstrap

Back-end Technology: Entity Framework, ADO.NET, ASP.NET WEB API.

Databases: MSSQL

Version Control: Git,Github

Cloud: Amazon Web Services (AWS)

IDE/Editors: VS Code, VS, Pycharm

Operating System: Linux, Ubuntu

Soft Skills: Time management, Optimistic person, Problem solving, Team cooperation

CERTIFICATIONS

ASP.NET Web Application Development Udemy, August ,2024.
